

Recology of San Benito County provides garbage and recycling service to residents, businesses, and multi-family buildings in Hollister, San Juan Bautista, and the surrounding unincorporated areas of San Benito County.

## New Recycling Service for Businesses! Mix all Recyclables in One Bin, No Sorting Needed

### You Can Now Mix All of Your Recyclables in Your White Recycle Bin.

Now businesses can put all cardboard, paper, containers and all recyclables in one bin - no need to sort! See reverse side for all recyclables accepted in this program.

Recology and San Benito County recycling staff have teamed up to make recycling easier for businesses. Recology staff is reaching out to businesses to increase recycling for participation in this program.

For more information, call Recology at **831-636-7500**.

*Java Express loves the convenience of putting all their recycling in one bin! Now they don't need to sort their recyclables – and now they have more space since they only need one recycling bin for everything!*

### Java Express is Happy to Mix All Recyclables in One Bin!

Java Express is a local drive through coffee shop that has two locations - San Felipe Road and Cushman Street. Roger McDonald opened the coffee shop 20 years ago. Roger and his employees (including his daughter Brook) are committed to providing great coffee, great customer service and giving back to the community. This includes advertising for local events, such as, performances at the San Benito Stage Company.

Before Java Express recycled with Recology they were hauling cardboard, glass, and plastics to a local recycling center. When we asked Brook Taylor (Roger's daughter) why they recycle, she said "We generate so much, it's too much to NOT recycle!"

The manager, Danielle, said "Recycling with Recology has made doing business easier --not separating our glass bottles from our cardboard will be nice when we change to a single stream container."

# RECYCLE

You can now mix all recyclables in one bin

Customers can continue to mix all their recyclables in their blue bins.

You can now mix all recyclables in your white bin.
