Think there isn't anything you can compost? Think again!

Don't send your food scraps and landscape material to the landfill; compost them instead. We encourage you to start composting at your business or facility. A successful program can help reduce garbage fees, save landfill space and close the loop by returning food scraps back to the earth. Your bottom line and the environment will benefit.

Compost collection services are offered at a REDUCED rate.

You CAN Compost:

- Food and kitchen prep scraps, spoiled and leftover food
- Food and beverage soiled paper products
- Coffee grounds and filters
- Waxed paper and cardboard
- Wooden produce crates and pallets
- Yard trimmings, leaves, flowers and branches
