## KEEP ALL ABOVE ITEMS OUT OF GARBAGE & RECYCLING TOTES

### BIN PLACEMENT

- Place the tote at the end of your parking space or within the red zone areas. The handle should **point towards your building**. Leave at least **3 feet of clearance** on all sides and 6 feet of distance from parked cars and mailboxes.
- Lids must be closed and all trash/recyclables contained within.
- Do not place carts behind parked cars, fire hydrants, trees or other obstructions. Do not place carts where access to them is blocked. The automated truck lifting arm is not able to reach behind trees or other objects. The efficiency of this system depends on the driver being able to remain in the truck.
- Do not put concrete, dirt, rocks, sod, sand, plaster, hot ashes, tires, automobile parts or batteries, chemical materials, toxic materials, flammable items, liquid paint or hazardous materials into the tote/can.
