Inbound Disposal Fees

No charge to RWO garbage customers living within the city limits of McMinnville, Lafayette, Amity, Dayton and Sheridan with current sticker. \$12/yd fee for all others. \$30/ton for large loads such as tree clearing. \$40/ton for wood (no painted, treated or metal) 100lb minimum

Yard debris includes: limbs, leaves, grass and other yard garden trimmings only. 2' wide and under and up to 5' long. If over 2' wide, must be under 1' long (wood and yard debris)

MATERIALS NOT ACCEPTED: Garbage, lumber, plywood, stumps, sod, dirt, rock, glass, plastic, metal, animal waste, hay, straw, animal bedding or construction or demolition debris in green pile. Most of these items can be accepted next door at Resource Rescue, located on the east side of the RWO Recovery Zone \$15 minimum or \$10/cubic yard.

Mulch Blower Service

\$20/yard - Service Only - Material Sold Separately

How Much Material Do I Need?

Our staff can help estimate how much product you need. Here's a basic guide of yardage needed to cover 2" deep:

150 sq. ft. = 1 yd³ 300 sq. ft. = 2 yds³

450 sq. ft. = 3 yds³ 1100 sq. ft. = 1 unit

- Step 1 - measure the length and width of each bed (in feet)
- Step 2 - multiply the length x width x depth (convert to feet)
- Step 3 - add the totals together, then divide by 27, this converts the total volume into cubic yards.

SiltSox

SiltSox are a tubular mesh sleeve which contain our Overs-Mulch specifically engineered for storm water filtration and flow control applications. Enhancing the natural process found in our ecosystem, SiltSox are structured from recycled, locally indigenous bio-based materials which remediate trapped pollutants and enrich the soil. No trenching is required, thereby preventing disturbance of soil, roots, or plants, and allowing installation on severely compacted or frozen soils and paved surfaces. SiltSox may also be seeded to increase pollution filtration, wildlife habitat, and ecosystem restoration attributes. Easily designed and customized for your project, we can help you maximize their use for your filtration and erosion control. \$2.00 per foot. 10 foot minimum.

Custom Compost Blends

Don't see what you want on the list? Ask us about our custom-blending service. For a small mixing fee, we can combine any of our products to make the blend that's right for you!

We are now offering a 10% discount for seniors (62 & over) or military personnel! You must let us know if you qualify. We also offer price match. Find a cheaper retail price locally and we will match that price!!
