COMMERCIAL CUSTOMERS

Recycling

EMPTY, CLEAN AND DRY

By increasing recycling and reducing waste, it's possible to lower the amount you pay for garbage service level. Single-stream recycling service is provided at a reduced rate or at no additional charge, depending on jurisdiction.

Mandatory Commercial Recycling Law (AB 341)

requires all businesses that generate four (4) or more cubic yards of garbage per week, and all multi-family complexes (5+ units) to arrange for recycling collection. To learn more, visit CalRecycle.ca.gov

PLASTIC CONTAINERS, BOTTLES AND JUGS

GLASS BOTTLES AND JARS

METAL CANS, ALUMINUM, SMALL SCRAP METAL

CLEAN PAPER PRODUCTS

Compost

Recology collects organic material in your green bin and turns it into compost. This significantly reduces the global warming impacts from landfills as decomposing organics release methane into the atmosphere. Compost collection services may be offered at a reduced rate.

Mandatory Organics Recycling Laws SB 1383 & AB 1826 requires businesses and multi-family complexes (5+ units) to arrange for organics collection. To learn more, visit CalRecycle.ca.gov

Landfill

Items that don't belong in the green and blue bins must be placed in the gray or black bins and transported to the local landfill.

California law prohibits the disposal of hazardous waste in landfills. These materials may contain mercury, lead, and other substances that are hazardous to human health and the environment. For Hazardous Waste disposal information: SMCHealth.org/vsqg
