

# FOSTER CITY NEWS

*Fall / Winter 2021*

## UPCOMING EVENTS AND CLOSURES

The holidays have arrived! With the Annual Holiday Tree Lighting Ceremony coming soon, the City of Foster City is here to help you and the family make fun Winter memories before the year ends! Heading into next year, the City Council will be hosting their Annual Vision and Policy Summit on January 12, and the community is invited to attend. More information to follow.

## SEASONAL SERVICES

To prepare for storms, a sandbag station has been set up in the City Hall parking lot, and community members can fill as many as 10 sandbags for free. No appointment is required, and all materials are available in the lot at 610 Foster City Boulevard.

This year, the holidays fall on Saturdays, so there will be no change to Recology's waste collection pick-up days. Recology will collect waste on the Christmas Eve and New Year's Eve holidays.

# LEVEE PROJECT UPDATE

## Your Measure P Investment at Work

### PROGRESS UPDATE

- ▶ The Levee Improvements Project resumed work in the Phase 1 area (Port Royal Drive to Shorebird Park), starting with the closure of the Baffin Street crossing to Belmont/Redwood Shores.
- ▶ Sheet pile installation and grading in the Phase 3 area (San Mateo Bridge to Anchor Road) has finished, marking the completion of essentially all permanent sheet pile installation for the entire project. With this work done, sheet pile installation and grading on all city-owned and permitted areas are finished which means the City is one step closer to project completion and an upgraded levee wall structure.

- ▶ In July, the Levee Improvements Project conducted additional paving work along Beach Park Boulevard to expand and maximize safety efforts in the area.
- ▶ The City of Foster City partnered with Bowditch Middle School and the San Mateo-Foster City School District to collaborate on a detour route and alternative meeting locations for Bowditch students to enhance safety and help alleviate traffic around the project area along Beach Park Boulevard.
- ▶ The anticipated schedule of Levee Trail closures is as follows. All schedules are subject to change due to weather, unforeseen circumstances or other factors:
  - ▶ *Phase 1: Southern project limit to Shorebird Park - Oct. 2020 - Jan. 2023*
  - ▶ *Phase 2: Shorebird Park to San Mateo Bridge - Jan. 2021 - Nov. 2022*
  - ▶ *Phase 3: San Mateo Bridge to northern project limit - Apr. 2021 - Dec. 2022*
- ▶ Please note that even when work is not underway in a specific location, it is not safe for the public to be anywhere inside the work zone. Trespassing into the closed, fenced trail and staging areas is prohibited at all times.
