

FREE CONSULTATION WITH WASTE ZERO TEAM

Contact our Waste Zero Team with questions about proper waste management. Our team will:

- Visit your site to improve recycling and composting programs to minimize waste.
- Right-size your bins to fit service and space requirements.
- Provide signage, flyers, labels, and presentations.
- Assist all business types: stores, restaurants, multi-family residential properties, schools, offices, hospitals, hotels, and more.
- Call **707.552.3110** and get started today!

COLLECTION DAY

Your containers must be accessible by 5 AM on your collection day. Cars should not block containers, and gates must be unlocked.

For an additional cost, containers may be locked to prevent contamination or theft.

DEBRIS BOXES

We provide debris boxes in various sizes for cardboard, recycling, organics, dirt, construction and demolition, scrap metal, and garbage. Charges apply.

For details, go to **recology.com**, call us, or stop by the office to learn more.

HAZARDOUS WASTE

It is illegal to dispose of hazardous waste in any of your bins. It causes damage to the ecosystem and is dangerous for our workers. Examples: Batteries, oil, paint, antifreeze, e-waste, lightbulbs, sharps, chemicals, and flammables.

RECYCLE

ORGANICS

LANDFILL

CARDBOARD, MIXED RECYCLING, AND ORGANIC CONTAINERS will not be serviced if they contain unacceptable items. You can remove the items and have your containers serviced the next week or leave as-is and call the office to have your container serviced as landfill — fees apply. Details at [recology.com](https://www.recology.com).

EXTRA TRASH will be collected by Recology at an extra charge.

Mixed recycling service is free.

AB 341: Mandatory Commercial Recycling

Businesses that generate more than 4 cubic yards of waste per week and multi-family residential dwellings of 5+ units must subscribe to recycling services.

AB 1826: Mandatory Commercial Organics

Businesses and multi-family residential dwellings of 5+ units that generate 2 or more cubic yards of waste per week must have compost collection service.

SB 1383: Short-Lived Climate Pollutants

Requires commercial and residential customers to divert organic materials (including food waste, yard waste, and soiled paper products) from the landfill.
