

## Your Voice, Your Belmont Survey

We've relaunched the Your Voice, Your Belmont survey to better understand your needs and priorities! As we navigate long-term financial planning and prepare for challenges like climate-related disasters and earthquakes, your feedback is more important than ever. We encourage all residents to participate in this important survey. It only takes a few minutes, and your input will make a real difference.

To learn more or to take our survey, visit [www.belmont.gov/conversation](http://www.belmont.gov/conversation) or use the QR code below!

## Attend & Volunteer at the Park Booster Summer Concert Series

The Belmont Park Boosters Summer Concert Series returns this summer with 5 weeks of fun in the Twin Pines Meadow. The concerts run every Sunday from June 15 to July 13 from 1-4 p.m. Concerts are free and open to all. View concert information at [www.belmont.gov/calendar](http://www.belmont.gov/calendar)

Help the Park Boosters with this year's Summer Concert Series, all while enjoying great music! Volunteers are needed for set up, clean up, and to help serve concessions. Visit [bit.ly/ConcertSignUps](https://bit.ly/ConcertSignUps) to register to volunteer.

## Twin Pines Park Belmont Creek Restoration Project

Belmont Creek through Twin Pines Park is unstable and has experienced significant erosion, contributing to downstream flooding. The Belmont Creek Restoration Project will restore almost 500 feet of creek throughout the park. Work includes the removal of invasive plant species, reestablishing native plant and habitat space along the creek, improving creek flow, and enhancing public access to the creek.

### Project Timeline

#### 2022-Late 2024

Staff attended Concert in the Park events, Parks and Recreation Commission, and City Council to boost awareness of the project while in design.

#### Winter 2024-2025

Over 52 dangerous and invasive trees were removed. In addition to improving safety, many of the trees removed were salvaged and will be used in restoration construction.

#### Summer 2025

Restoration work will begin in early June and continue through mid-September. Access to the western portion of Twin Pines Park will be restricted.
