

WELCOME SAN BENITO COUNTY BUSINESS OWNERS!

Join your fellow business owners doing their part for the planet by getting Certified Green! Join our growing community of businesses to network, learn, and receive resources at no cost such as:

Resources and consulting to learn how you can reduce greenhouse gas emissions, waste, and costs.

Water saving devices and education.

Resources to save money, get a marketing edge and even get paid (through rebates) to make sustainable purchases.

Expert knowledge and funds to help your business comply with city, county, and state environmental laws.

Technical assistance and support to help you operate a business that is clean, green, and recognized at networking events, and online.

Join today and reap the benefits! **CALL (831)272-2711 NOW** to find out how your business can gain access to these resources at no cost, learn more about current rebates, and receive city recognition.

Visit greenbusinessca.org or contact your coordinator to learn more.

JOIN THE GREEN BUSINESS PROGRAM - ONE STEP AT A TIME!

As a business owner, your time is focused on day-to-day operations. Let our team help you green your operations **at no cost**, while you focus on running your business. This will save you money and make a positive impact on the environment!

Interested in getting started but want to know more about what's involved? Below are common Green Business measures you will take to become a Green Business.
