RESIDENTIAL CUSTOMER FAQ

Q: When will collection services be delayed?

A: Inclement weather (snow) may disrupt service timing. Services that fall on or after Independence Day, Thanksgiving Day, Christmas Day, and New Year's Day will be delayed by one (1) day.

Q: How much spacing should be between carts?

A: Please refer to the diagram below:

COMMERCIAL

Recology Ashland's commercial division provides high-volume trash and recycling services for businesses and multi-family properties. Like with residential services, we provide several dumpster and debris box sizes to fit your property's disposal and recycling needs.

On-Route Collection

Commercial roll carts are available for small-to medium businesses, and metal dumpsters ranging from 1 to 6 cubic yards are available for larger commercial properties. Collection frequency can be set for up to 5 days weekly.

Debris Box Services

We offer roll-off debris boxes of 10 and 25 cubic yards. Residential customers are also welcome to order debris boxes for home renovations or other activities that require large volume services. Our website includes a debris box ordering guide.
