# 2026 STUDENT POSTER CONTEST RULES

---

## THEMES

**TK-2nd grade:** Draw something that answers these questions: Show how you can reuse or recycle something instead of throwing it away. If you were in a race to make less trash, what would your superhero power be? Create a Zero Waste Mascot who helps the Earth! What does your friendly helper look like, and what does it do to win the Race to Zero Waste?

**3rd-5th grade:** Draw something that answers these questions: Our county is in the Race to Zero Waste—show one thing families can do at home to help us win. Draw an image of how schools can create less waste by reusing, recycling, or composting items instead of throwing them away. Design a Zero Waste Mascot for the Race to Zero Waste. Show what special powers, tools, or actions your mascot uses to help people reduce, reuse, recycle, and compost.

**6th-12th grade:** Draw something that answers this question: Design a visual message that inspires your school to take the lead in the Race to Zero Waste. What everyday items do you see being thrown away that could actually be reused, recycled, or composted? Create a visual message showing how to divert them.

## RULES

1. Students must create original artwork, no existing clip art, computer-generated graphics/characters, or other graphics permitted.
2. Messaging: No more than six words per poster. Use bright colors and bold text. Crayons, markers colored pencils, and other art materials are allowed.
