

MAKE EVERY DAY EARTH DAY

## Exercise good green habits for optimal results

Happy Earth Day, Vallejo! But why limit our planet's celebration to just one day?

Every time you place food scraps, yard trimmings, or even that greasy pizza box into your green cart, you're taking a positive step toward a healthier community. That's the power SB 1383, California's mandate to reduce waste, divert materials from landfills, and reduce greenhouse gases.

After Recology services your green cart, its contents go to our processing facility, where those chicken bones, coffee grounds, and napkins are transformed into compost. This nutrient-rich soil amendment is then used on farms and gardens, completing the cycle that feeds our food systems.

Sorting correctly is key. When non-compostables are put into your green cart, they contaminate the entire batch. And when organics end up in landfills instead, they rot without oxygen, releasing methane — a potent greenhouse gas. In fact, food and plant discards in landfills account for 20% of California's total methane emissions.

### BUILD GOOD HABITS

- Put food scraps, food-soiled paper, yard trimmings, sticks, and leaves into your green cart for curbside compost collection.
- Use a countertop container to collect kitchen scraps and transport them to your curbside cart.
- Keep plastics, glass, and other recyclables out of the organics cart.

### FREE COMPOST

Vallejo residents can pick up free finished compost at 2021 Broadway, Thursday – Saturday, 8 AM – 3:30 PM while supplies last. Take home up to 2 bags to enrich your garden.

Small habits create big impacts. Make every day Earth Day — your green cart is waiting.

**STATEMENT**

Billing Date	Invoice Number	Account Number	Balance Due
1/20/26	854	8104	\$535.82
Service Address			Pay By Date
			2/18/26

**Pay Your Bill**  
Visit [recology.com/bill-pay](https://recology.com/bill-pay) to pay your bill, set up automatic payments, and more. You can also call 628.280.6525 to make a payment using our secure automated phone system.

**Questions?**

## MAKING SENSE OF YOUR BILL

# A quick guide

Let's decode your Recology statement so you can read it with confidence. You get a snapshot of your account status:

- **PREVIOUS BALANCE.** A summary of past-due invoices.
- **CURRENT CHARGES.** All new fees incurred during this specific billing period.
- **TOTAL BALANCE DUE.** This is the amount you owe. It is calculated by adding your previous balance and current charges, then subtracting any payments you've already made and applying any credit adjustments.

If you settle your current invoice in full by the 15th of the month following your bill, you may qualify for a discount, which appears as a credit on the next statement. You can:

- **PAY BY PHONE AT 628.280.6525.** Please note: Customer Service representatives no longer process payments over the phone, but the automated system is available 24/7.
- **LOG IN** to our secure Customer Portal at [recology-portal.amcsplatform.com/login](https://recology-portal.amcsplatform.com/login).
- **VISIT OUR OFFICE**, 2021 Broadway, to pay at the counter.
- **SEND A CHECK** to our mailing address: 2021 Broadway, Vallejo, CA 94589.
- **SET UP A PAYMENT** through your bank's online platform.

Still have questions? Give us a call at **707.552.3110**.

## NEW DUMP COUPONS ARE COMING!

Keep an eye out for your 2026 Dump Coupon, which will be mailed in the coming weeks. Coupons will be mailed to the address Recology services.

### The way you redeem your coupon is changing.

Follow the instructions on the coupon to schedule a drop-off at the Devlin Road Transfer Station.

In the meantime, you can take advantage of a free Bulky Item Pickup. Vallejo residents get four a year. You can schedule a pickup by calling Recology at **707.552.3110** or emailing a list of collection items to [vallejocustomerservice@recology.com](mailto:vallejocustomerservice@recology.com).

Collections are available only on your service day. Leave just the approved items at the curb or we may not complete your pickup. Hazardous materials and yard trimmings are not accepted.

## CLOSING THE LID ON CONTAMINATION

To reduce contamination in recycling and organics carts and keep curbside programs working efficiently, state law requires local service providers to inspect containers.

To ensure compliance, Recology conducts route reviews, also known as "lid flips." Employees occasionally inspect residential and commercial garbage, recycling, and organics containers to assess sorting. These inspections serve an educational purpose. Data from lid flips identifies common sorting mistakes, enabling targeted outreach to help the community learn correct waste separation.
