

COMPOST WITH RECOLOGY

- Keeps valuable resources out of the landfill
- Boosts soil water retention and conserves water
- Helps to fight climate change

FREE FOOD SCRAP PAILS PROVIDED BY THE COUNTY

FOOD SCRAP PAILS FOR SAN BENITO COUNTY RESIDENTS ARE HERE!

Collect your kitchen food scraps, used napkins, coffee grounds, soiled paper, and more to easily transport them to your Recology green organics cart using this handy pail.

By composting your food scraps, you can help reduce food waste and turn them into nutrient-rich compost that nourishes our soil, our gardens, and our local farms and vineyards.

Please email sbcicwm@sanbenitocountyca.gov or call **831.636.4110** to schedule a pickup!

Follow [@recologysanbenitocounty](https://www.instagram.com/recologysanbenitocounty) and [@sbcicwm](https://www.instagram.com/sbcicwm) on Instagram to stay up to date on our next free composting workshop in the community!

LESS WASTE BIG IMPACT

Receive up to **\$500 in funding** to help your business reduce waste and operate more sustainably.

Single-use products are costing your business more than you think. Disposable cups, plastic utensils, and single-use packaging add up fast - and switching to reusable alternatives can save you money while reducing waste.

The Green Business Program offers local businesses up to **\$500 in funding and free technical assistance** to help make that switch.

Eligible Purchases Include:

- Reusable dishware and foodware
- Water refill stations
- Concentrated cleaning products
- Reusable break room supplies
- Bussing trays for dishes
- Refillable soap dispenser

Have another idea? Talk to us — we'd love to hear it!

Business Spotlight

Caren, owner of Daycares Caren, used her program funding to purchase a water dispenser for her daycare, eliminating single-use plastic water bottles from her business for good.

Small changes can make a big impact!
