Get compost while supplies last

American Canyon residents who want to nurture their plants can get 2 free bags of garden gold — nutrient-rich compost made with the food scraps that Recology customers put in their green carts for curbside collection.

Come to our property at 2021 Broadway in Vallejo between 8 AM and 3:30 PM, Thursday through Saturday, to pick up your bags while supplies last. Each bag contains 1 cubic foot of finished compost.

Putting your coffee grounds, vegetable and fruit peelings, chicken bones, garden trimmings, and food-soiled paper in the green cart complies with California's SB 1383 composting mandate to divert materials from the landfill and help reduce gas emissions.

When applied to the soil, compost improves water retention and microbial health, leading to less reliance on synthetic fertilizers, robust garden veggies, and brighter flower beds.

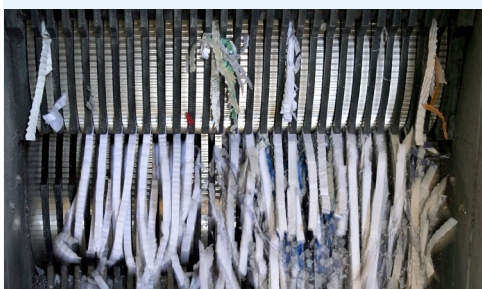

MARK YOUR CALENDAR 2026 Shredding Saturdays

Do you have big stacks of paper documents that need shredding?

Stop by American Canyon City Hall, 4381 Broadway St., for shredding events between 9 AM and 12 PM on August 8 and November 7.

This free service is available to American Canyon residents only. No industrial shredding.

BULKY ITEM PICKUP GUIDELINES

American Canyon single-family residents are eligible for one free Bulky Item Pickup each year. Additional collections may be scheduled for a charge.

A single-family residence Bulky Item Pickup is equivalent to 2 cubic yards (3ft x 3ft x 6ft): approximately 12, 32-gallon bags of trash and 1 item containing Freon.

E-waste is okay if it is in an open-top box.

An itemized list must be sent in and confirmed with our Bulky Item Pickup team. If the items you put out are different, you must call the office so we know what we can take. If we see extra items, we may not be able to complete your pickup.

Schedule your Bulky Item Pickup by calling **707.552.3110** or emailing vallejocustomerservice@recology.com. Please note that collections are only scheduled on your regular service day.

LANDFILL

SINGLE-USE PLASTIC

SNACK BAGS, WRAPPERS, AND
COATED PAPER PRODUCTS

PADDED MAILERS, ENVELOPES, BUBBLE WRAP,
AND STYROFOAM

REDUCE PLASTIC

BE COOL, CHOOSE REUSABLES

While hitting the beach, going on a hike, or doing other activities, choose reusable products over their disposable counterparts when you can.

Carry a reusable tote when perusing farmers' markets or going to the grocery store.

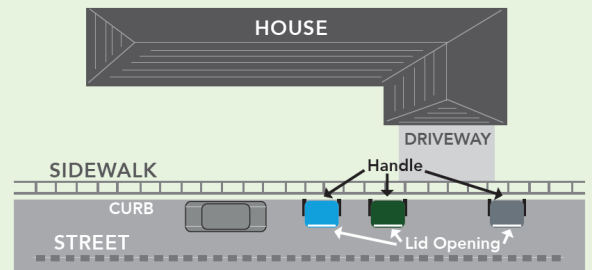

Drink water, iced tea, or other libations from

a metal bottle instead of a plastic one when on the go. It's a habit that helps the environment and reduces your consumption of microplastics.

Keeping these items at the ready is quintessential zero waste — no packaging required.

FRIENDLY REMINDER:

PUT CARTS OUT CORRECTLY

Please place your carts at the curb, 3 feet apart from each other and from other obstacles on your service day.

This gives the collection trucks enough space to grab your container without damaging other property and to empty it efficiently.
