Meet Lizzie Our New Website Chatbot

Ask Lizzie

Meet Lizzie, our new website chatbot! Inspired by the waterdog salamanders that call Waterdog Lake & Open Space home. Lizzie is here to help you find information, answer questions, and make navigating our website easier. You'll find her in the bottom-right corner of the City's website.

Like any new team member, Lizzie is still learning. As we continue building our new City website, she may occasionally point you to information that's outdated or still being reorganized. Every interaction helps us improve her, and she'll continue getting smarter and more helpful over time.

Lizzie is also helping us prepare for the launch of our new City website later this year. We hope she'll become a familiar face and make it even easier to connect with City services and find the information you're looking for.

If Lizzie doesn't quite get it right, let us know. Your feedback will help us continue improving her experience for everyone.
