Bay Area Multifamily Building Enhancements

Future Proof Your Multifamily Property!

SAVE MONEY on utility bills and **REDUCE** maintenance costs

MODERNIZE outdated equipment with the latest, most efficient systems

IMPROVE resident safety, comfort and indoor air quality

ACCESS other local, state, and federal incentives

$500–$5,000+ Per Unit Rebates

Receive rebates for upgrades designed to reduce energy use by at least 10%. Eligible upgrades include, but are not limited to:

- Heat pump systems for water heating and/or dual space heating and cooling
- Windows and insulation
- LED lighting
- In-unit and common area appliances

No-Cost Energy Consulting

Eligible projects receive free technical assistance from an expert advisor who will:

- Listen to your specific needs and priorities
- Conduct an on-site energy assessment and recommend a custom package of upgrades with estimated savings
- Connect you with contractors, financing, and additional incentive programs
- Guide you through the entire process

Who's Eligible

Existing buildings with 5 or more dwelling units that are located in the nine-county Bay Area and receive PG&E service. Building upgrades that are already in progress or have been completed are **not eligible** for rebates.

› Market-rate properties ≥ 50 units are NOT eligible

Battery Buckets for Multi-Family Properties

WHY?

When batteries aren't disposed of properly:

They can cause fires in collection trucks or at our Shoreway Environmental Center, potentially harming workers and damaging equipment. These damages can be costly and could increase service rates.

Learn more about why you should care about proper battery disposal by visiting **RethinkBatteries.org**

No Battery Bucket? No Problem!

If you do not have a battery bucket on your property, **request one from Recology San Mateo County at no additional cost.** Battery buckets are highly recommended for safe battery disposal in Multi-Family Properties.
